# PUMPKIN SLIME

## Materials:

- Small Pumpkin
- 1/2 Cup Washable School Glue
- 1/4 Cup Liquid Starch
- 1/2 Cup Water

## Instructions:

- ✓ **Step One:** Cut the top off the pumpkin.
- ✓ **Step Two:** Make room in the pumpkin by loosening up all the seeds and guts.
- ✓ **Step Three:** Mix 1/2 cup room temperature water with 1/2 cup of clear Elmer's Washable School Glue in a separate bowl. Stir to incorporate fully.
- ✓ **Step Four:** Measure 1/4 cup of liquid starch and pour directly into the pumpkin.
- ✓ **Step Five:** Pour the glue and water mixture into the pumpkin.
- ✓ **Step Six:** Get your hands in the pumpkin to mix, and you have slime!
